

About Student Assistance Services Corp

The Student Assistance Services Corporation (SAS) was formed in 1985. Its core program, the Student Assistance Program was “spun off” from the Westchester County Department of Community Mental Health. Since that time, SAS has been providing substance abuse prevention and early intervention services, programming, and training in schools, residential facilities, and communities in Westchester County and neighboring areas. SAS has touched the lives of thousands, working with students, parents, teachers, human service professionals, community leaders, health care providers, business people and clergy.

Currently, SAS operates numerous programs including:

Project SUCCESS

Residential Student Assistance Program

Community Based Services

Parenting Classes

Employee Assistance Program

Olweus™ Bullying Prevention Program

The ROADD (Reduce Our Adolescent Drinking Drugging and Driving) Program College Based Services

Technical Assistance To Local Alcohol & Other Drug Prevention Coalitions
