
As individuals and family members living life in recovery, we have unique needs, opportunities and responsibilities. Since NCADD was founded in 1944 by Marty Mann, the first woman to recover in Alcoholics Anonymous (AA), NCADD and our National Network of Affiliates have been privileged to have been the first call and start point of recovery for **millions of individuals and family members**.

Long-term recovery from alcoholism and drug addiction opens a world of possibilities. It is real, it is happening every day and we estimate that as many as 20 million individuals and family members are living life in recovery!

Recovery is something to CELEBRATE, indeed!

Please [Share Your Story](#): **Celebrate Recovery**

When Marty Mann first started NCADD back in 1944 (see “Our Founder”), **three ideas formed the basis of her message**:

1. *Alcoholism is a disease and the alcoholic a sick person.*
2. *The alcoholic can be helped and is worth helping.*
3. *Alcoholism is a public health problem and therefore a public responsibility.*

Marty’s **Vision for NCADD** centered on the following messages:

1. To share the joy of recovery and knowledge
2. To break down barriers of ignorance and stigma
3. To encourage individuals, families, companies and communities to seek help

FACT: Stigma prevents millions of individuals and family members from seeking help!

FACT: Stigma results in social and legal discrimination in employment, housing, education and access to healthcare.

The Power of Recovery in Overcoming Stigma:

For almost 70 years, NCADD has been a leading advocate for increased awareness, increased public support, reduced stigma and the elimination of discrimination in employment, housing, education and in access to health care. In this section you can learn about NCADD’s Operation Understanding: Challenge to Stigma, Recovery Month celebrations and much more!

Believe in Recovery!
