

BELIEVE IN RECOVERY

WRISTBAND ORDER FORM

Last year, 672,000 people called NCADD and our National Network of Affiliates seeking help for themselves or a family member!

Through generous donor support, NCADD is excited to offer the **BELIEVE IN RECOVERY** wristband as a vehicle to raise awareness and raise funds.

At NCADD, we fight for the 22 million people, and their families, around the country living with alcoholism and drug addiction today. There can be – and should be recovery – life after alcoholism and drug addiction for more people. That's why we provide people the resources and support they need to fight alcoholism and addiction head-on. Anyone anywhere can join our fight against alcoholism and drug addiction. **Please Join Us!**

Your donation supports NCADD's life-saving work in prevention, education, intervention, training, recovery support, policy and advocacy.

Thank you for your donation
